PROFILE

Full Stack Developer with **3 years of experience** in building modern web applications using React.js, Next.js, and Node.js. Proficient in building responsive, high-performance web applications with a strong focus on front-end architecture, RESTful APIs, and server-side rendering. Skilled in JavaScript (ES6+), TypeScript, and modern development workflows including Git, CI/CD, and agile methodologies.

WORK EXPERIENCE

CODE AND CORE Tech LLP | Ahmedabad OCT-2024 - PRESENT
MERN Stack Daveloper

- Working as a Full Stack Developer handling frontend and backend development using React.js, Next.js, and Node.js. Built responsive UIs, implemented server-side rendering, developed RESTful APIs, integrated SEO best practices, and worked with MongoDB in an agile environment.

Code Alchemy Pvt Ltd | Surat SEP 2022 - 2024
Frontend Daveloper

- At Code Alchemy, I worked as a Frontend Developer focusing on building responsive and interactive web interfaces using React.js. I collaborated with designers and backend developers to implement UI features, enhance performance, and ensure a smooth user experience
